## Experience

### Current Occupation

- 2020–present **IT Security Governance Referent**, *Deutsche Bahn AG*, Berlin, Frankfurt (Main).
- Introduced a new work-scheme that is used for proactive, early vulnerability detection
  - Continuous quality assurance of service providers for pentests and red teaming exercises
  - Coordinating manual, large-scoped vulnerability detection with the detection team and internal CISO-teams
  - Established a new communication channel to efficiently distribute security-relevant information to asset owners and CISOs
  - Provided FAQ and presentations to create a broader understanding of security implications and risks in management teams

### Previous Jobs

- 2019–2020 **IT-Security Consultant**, *SRLabs*, Berlin.
- Developing test schemes for IDS-solutions in internal and external networks of multinational companies
  - Main developer of a Python-based tool for semi-automated testing of WAF-configurations and IDS-solutions
  - Code revision for parts of a highly distributed, cryptographic system
  - Prioritizing and breaking down mitigation plans for customers to enable good resource distribution

### Side Jobs

- 2014–2015 **Programmer**, *RWTH Aachen University*, Aachen.  
Coding optimization algorithms and conducting simulations of mobile networks
- 2013–2014 **Lab Course Supervisor**, *RWTH Aachen University*, Aachen.  
Supervision of physics lab classes for medicine and biology students for experiments on heat radiation and surface conductivity
- 2010–2011 **Personal Coach**, *Lerntherapeutisches Institut für Leserechtschreibschwäche und Dyskalkulie*, Aachen.  
Private lessons for children with learning disabilities in mathematics or language.

### Volunteer work
